NEW YORK, Sept. 1.—The approaching triple holiday exerted a pronounced influence over today's stock market, which opened at a low recent average and consisted largely of the closing of short contracts.

Continued firmness of money rates with call loans holding at 5½% and commercial paper at 5% and 5½% of September maturities except for the shorter maturities, also figured in the

changes moved more favorable to home centers, sterling gaining almost two cents at its best with further strength in gold. Improvements were noted in the foreign exchange, including China. Mexican government 4½s and 4½s were active and strong. The Brazilian market was quiet, but the new Brazilian issues also being in demand. Domestic rails gained, and the market for foreign bonds was quiet. Local tractions made sharp recoveries with irregularity in Liberties
